

Web Game Inhouse Usability Test Instructions

Thank you for participating in the Web Game Usability test!

In order to conduct the test, please carry out the following instructions:

1. Fill out the pre-test survey
<https://forms.gle/YR11qDLdBPEzALJT8>
2. Please record your screen and microphone while conducting the following tasks. If you're comfortable trying to think aloud as you perform the tasks, please do so as well:
 - a. Task Scenario 1: Search for friends in McMaster to chat and play together. Add Jason and Eric and having some basic greetings.
 - b. Task Scenario 2: One of the Participants changes the privacy setting as "other users cannot find you through searching". Other participants search for him and see the result.
 - c. Task Scenario 3: Chang website styles through setting. Change to any style that fits the participants.
 - d. Task Scenario 4: Watch any other participant's gameplay and change volume and screen size of the video to the level that fits them.
3. Fill out the post-test survey:
<https://forms.gle/SF37ryPooRKJzqZ56>
4. Please send me your video recording via chat on Microsoft Teams to let me know you are done the test. I will have a few follow-up questions for you.
